

“A free people need not fear, nor require government's permission to investigate government.”

But fear of government is the direction The USA is going as a nation. Mayors, county councils and school boards are treating us, the Sovereign Citizens, as property. Creating fiefdoms on their say so alone in our communities. State governments have lost their collective minds in many respects across our land. Totally out of touch with the people and the US Constitution.

Social Justice, Critical Race Theory and a China world government agenda are on America's horizon. And there is no one to save us but us.

But we know how to win and there is hope...

**TRUTH has destroyed more petty dictators than
all the wars though history.**

THE S2 PROJECT investigates government for the sole purpose of getting to the truth. That is not the end game but the starting point.

As an example. What if we told you that your mayor and local health officials knew of the Covid lock-downs prior to November 2019? That the commercials seen on TV in February 2020 that mentioned Covid were produced in the summer of 2019? Every event has a time line.

Using the Freedom Of Information Act (FOIA, 5 U.S.C. § 552) is one of the tools we use to dig out information and force government transparency. There are many others we average Americans can use without a law degree. Used in the right manor these tools can result crooked officials resignations. Reverse illegal mandates. Under the rule of law recover stolen & misappropriated public funds. The bonus is it's rather fun being a part of making it happen.

THE S2 PROJECT is a civil action group of American Patriots. Us 'working stiffs' that want to kick government butt enough that they will leave us and our children alone. Do their jobs the correct way and with transparency. Finish in a manor so we do not have to do it all over again in 10 or even 50 years. It is not going to happen by wishful thinking. But it can happen with you at the helm.

THE S2 PROJECT is looking for Patriots to be local leaders in their communities. What you need is a desire to make your corner of America more constitutional sound. We provide the training and support. All skill levels are welcome here. Whether you push a pen or swing a hammer to feed your family. We'll teach you everything you need to organize a local team. All the "how to's". All the strategy, methods, knowledge and tactics.

Andrew Torba, the CEO of Gab.com said, "We must organize in our communities and upscale from there." In other words. You take care of you part of America. I'll take care of mine and we'll meet you at the state capital. Investigating government to use that information is how we will get the job done. For more details log on.

Registration is free. No monthly dues. You will never be asked to donate as a member. Our Nat'l HQ Team supports itself so we can support you wherever in the USA.

THE S2 PROJECT

LIBERTY MUST WIN!

BETTER PUBLIC K-12 EDUCATION

GOVERNMENT TRANSPARENCY

ENDING CORRUPTION

STOPPING VOTER FRAUD

Investigating Government since 2017

We know how to win.

All we are missing is Patriots like you.

GOVERNMENT VS. WE THE PEOPLE

We believe in the team concept. Facing up to the fact that government in itself is a team. The people working there have had plenty of time to work together to make a mess of the business done in the name of the people. *We The People* have left government on 'Cruse Control' far too long. It will take teams of local people to work through making the corrections. The land of the free stays free by us doing what government fears most. Being united. That's Freedom & Liberty the American Way.

Even on a spare-time basis this can be accomplished with a dedicated group of 40 local citizens applying 1 to 2 hours each per week. With another 100 citizens in support lending a hand when they can. At THE S2 PROJECT we keep it practical. We know someone has to do the laundry or cut the grass while still taking time to save our inalienable rights in our communities. America was founded for the "working stiffs". Join the Team.
