About this account on gab.com

God is in control.  
I'm just along for the ride...and sometimes I yell out the window.

## THE GREAT AWAKENING ISN'T A SINGLE EVENT.

The Great Awakening isn't decertifying the election.

The Great Awakening isn't Donald Trump taking back the White House.

The Great Awakening isn't arresting Hillary Clinton, Barack Obama or Anthony Fauci.

Those are all important markers, but the people I just listed are simply puppets. There's a reason you know who they are and what they've done.

Until you've cut the head off the snake and empowered all of humanity to rise as one against evil and tyranny...until you've cleaned the courts, intelligence agencies, congress, etc..., until you've ended the Military Industrial Complex...until you've taken the power from Davos, CFR, WEF, etc...until you've exposed Big Pharma and their evil schemes to the world...until you SHOW the nation that our elections are rigged and our politicians hate us...until you've bypassed the MSM...

Until all of this is accomplished, we will

find ourselves in a brutal fight.

Q told us in April of 2018 that the plan runs through 2024.

Until you accept that this fight will drag on for 3 more years (and we'll still have work to do for many years to come), you will find yourself feeling more and more let down as each day passes.

Shills aren't necessarily lazy, they just know that if they say "nothing is happening" or "just two more weeks" or "when is Trump coming back/Hillary being arrested?!" enough times, it'll eventually begin to demoralize those whose faith is starting to weaken.

2017-2024 is the timeline of this plan.

We have many more battles to fight.

Many ups and down on the horizon.

The game of chess has already been won, but the enemy still has moves they can make...and they will.

I beg you to ask yourself...

Are you guilty of putting all of your hope eggs in the wrong basket?

Do you maintain the 40,000 foot view at all times?

Do you allow the mystery of HOW and WHEN to drive yourself into an irrational state of thinking?

Are you just tired of Covid, Vaccines,

Biden, etc. and feeling drained and therefore anxious for it all to end?

THAT'S OKAY. YOU'RE HUMAN.

But PLEASE attempt to remind yourself as much as possible that THIS. IS. WAR.

Information warfare...psychological attacks, smear campaigns, persecution campaigns, disinformation, timely optics, demoralization...

Think about POSITIVES.

- The vaccine mandates are dead in the water.
- Omicron may lead to WW natural immunity to Covid.
- The Biden admin is a dumpster fire.
- The Democrats have no viable replacement.
- A massive red wave is coming in 2022.
- Resignations are stacking up.
- Voter ID laws are being put in place around the country.
- Parents are obliterating CRT from school systems.
- Kyle's acquittal was a huge win for 2A.
- Roe. v Wade is hanging by a thread.
- America is rediscovering it's Patriotism.
- The world is fully awake to evil and tyranny.
- Countless millions are growing closer to God.

Turn off your TV and listen to your heart.

A beautiful new world lies ahead. It's worth it.

Q!

But how to we stop it from happening again - or are we just like the Matrix and the machines -destined to keep repeating this over and over throughout history? Is there a way to win once and for all?

That's my question and task for my descendants.
