

Bitch!

Bitch!

Bitch!

Day in and day out on social media across the internet. (I do dare Vent.) I get right in people's faces and say we can fix this. And the next minute they are right back to bitching.

Frankly I'm sick of it.

Yes. We have the answers at TheS2project. Yes.

We can fix the challenges that face our country today. Yes. It will take 1 million of the 365 million people we have in this country to get the job done.

It starts with this meme.

I'm Pissed!

Thanks for reading.

*Would it just ruin your fun of complaining about problems if they where all fixed?*
